

MARITIME SAFETY REPORTING & DATA COLLECTION

Mike Bohlman

MSR&DC

- Two basic issues:
 - Complacency
 - Situational Awareness

MSR&DC

- Three basic data sets
 - Injuries
 - Near Misses (Close Calls)
 - Hazard recognition

MSR&DC

- Three basic outputs:
 - Tool Box Talks
 - Safety Spot Lights
 - Ergonomic Discussion Papers
- Benchmarking by type of vessel

MSR&DC

- What we need:
 - Definition of a “near miss”
 - A PC / laptop reporting App
- Are we there?
 - Crowley’s software
